W Talmadge of Milwaukee, a standard aunority on crop reports and groun production, as made public much information epicerning the wheat acroage of the present season in sev-enteen of the great wheat growing states. From the information it Talmadge has of-tained it is probable the wheat crop of the will be nearly 100,000,000 bushels short of that of List year. In Kansus the acreage planted last fall was nearly 30 pen cont. less than the previous year, and the severe wanter killed much of what had been planted. Insects ama sed fields in several sections. It is ert, while the condition is good. A smaller a better showing and

will have a good crop unless something un-neual intervenes. In Michigan there will be a failing off of about 10 per cent, owing to deased acreage and a severe winter Kentucky was decrease of 15 per cent in acreage and s of 15 per cent, by winter killing. Reports from Virginia are very unfavorable. The de acreage and damage by severe weather
50 per cent. Reports from Maryland b plant being badly damaged by cold In mnessee, North and South Carolina and West nia the cecrease in acreage planted is about ese states is almost 4,000,000 acres, which at ld to this the damage by cold weather, which, ver last year but this increase will not reduce

TIVE STOCK INTERINTS

The latest report of the intresu of agricul ure at Washington shows that the capital Invested in two stock exceeds that invested in any other class of property, except real estate and rutros l attle, an increase of 1,224,000 during the year. 0,880,000 sheep, a decrease of 205,000, 45,192,-00 syme, an increase of 940,000, 11,055,000 torsee, and norces of 364,869, and 1,072,000 tolen, an increhse of 58,000. There was a hrinkage in value in all Linds of live stock dui here has been al considerable increase to their

number.

Taking all the various domestic animals into the account, the United States is far alread of all other countries in animal wealth. Perhaps, next to this, the greatest live stock band in the rpassing us in the latter. Europe is far behind and is dropping further

Addrope is far health and is dropping further self-ind overly year. Half a ceptury ago there were as many swine in Europe as there are iolay. Now that entire continent possesses only high-futher is romy as the United States. Its fock of oven and cows is but little more than loutile that of the United States, although the though there was a greater guio in weight thin is numbers. To show the effect of good breeding the average weight of an ox in France has accessed from \$25 to 1000 pounds. On the other hand, during this period, when the propulation of Europe has doubled, the number of spine has absolutely decreased, that of oven insy me has at solutely decreased, that of oven in-reased only '0 per cent, and of sheep only-ger cent. The hardpain, therefore, mist con-tent himself with less meat or depend upon America or Australia for his supply. There is reason, therefore, to expect a stall further devel-cyment and improvement of our animal wealth and in the prosperty of our cattle, sheep and hog raising incustries.

Other countries at pass our own in the num-ber of reat raise, back of animals, but in the

ter of part cular kinds of anumals, but in the aggregate of all sorts ours is far ahead. Thus Russia leads in horses, with the United States second; while Australia is first in shelp with 77,250,000, the Argentine republic second with T., \$10 (10), and the United States third with 51 100,000 Austrolia has however, suffered great loss in sheep in emsequence of drought during the last year. The number has been estimated as high is 12,000,000. It should be noticed than that while our own country is well ahead to the breed and weight are sleadily unproving. Every part of the country shows rapid transfer in zion of low grade stock into better bree is

("PICHELIEU'S" FIREBEL

With the departure of "Richelieu" Robinson, With the departure of "Richelten" Robinson, whose ratedactors displaces in the Congressional Record, congress lesses a picture sign figure Mr Robinson came to this country a young Irish immigrant forty-into years ago. He entered Yale college, where he devised the Yale bunner and founded the chapter of Pst Upsilon. Prest dent Jerentain Day, and the elder Siliman were among his teachers, and Chief Justice Waite and Senator Evarts among hes-fellow students He was a friend of diay, Webster, Cultoun, John Qunry Adams and Horare (creeley, be-coming the assistant contor and Washington correspondent of the Arthune. Forty-two years ago he took his seat in the house as a journalist, and now fellows to be the oldest congressional character in Washington. He first entered congress from Brocklyn, N. Y., in 1803, and served one term. Then he was chosen to the Fortyrespondent of his Tribune. Forty-two years seventh congress, and again to the Forty-eighth Though unable to pronounce his valedictory of the floor of the house, he had the privilege of printing it a the heavil, where it bristles with headlines and postirat quotations through fitteen pages. Taking as a text English outriges on jrish-American jeutzens, he reviews all the hisdown to the present time, and his own connection therewith—referring particularly to the experimental of iron and iron iron and i

and wants the termini of the Mantic cable to "throb upon American soil". He sighs over modern degeneracy, expresses his samess in "addressing the Louse" for the last time, and

THE CLASSICE PALIS.

The national committee of the national party of the national committee of the national party of the national party of the national party shift yell surprise many republicans. In the first lace they will one as unshed to learn that the party still keeps up as organization. All reason for its cust, acc leaving long-sines ceased, at only it to give up the ghost in the course of nature. They will be still more amoved to learn and the treatment of the treatment of the still more amoved to learn and the course of the still the still more amoved to learn and the still more than the still more than the still more than the still more than the still more amoved to learn a still more than the still more amoved to learn a still more than the still more amoved to learn a still more than the still more amoved to learn a still more a still from churman Gillette, that the twenty-four rears of republican supremay that reduced a large pointion of the people of the United State to the condition of helpiess poverty, and thrown mng hundreds of millions of money from he of i, locked it if and orced them to pre-test on an equal amount of public debt, which should have long's nee been paid. 'Subare a few of the early laid to the down of the mediane is taken. In state the right sort of immediate disbursement of the treasury surplus, free coinage of silver, consecution of find grants, establishment of givenment control of telegraphs and infloods, and an additional issue of greenbacks. It is a heror course of treatment, 11 11 but he patient refused to submit to it years ago, and has been doing well ever since

reduced more completely to a science in faiters and their agents include mainhers of all professions and callings, the most skillful ar-tists persons of both sexts and all classes of so-ciets. It is not doubted that counterfest money is usered from hand to hand for years without Some priso perfect that it cannot be

law that may mealthnie it. Through an error committed somewhere in its progress through the houses, the law is made to require that the first election held under it shall be held on the t ist Monday of J. ne. 1885, instead of the cor-responding day of 1866. The act is in conflict with the constitution on this point, and is therefore probably void in toto Or, if not totally void, any attempt to carry out its provisions may lead to confusion. How he error arose is not precisely known. It is believed, however, to have occurred in enrolling the bill

The predominance of the legal profession in public affairs was never more marked than at present. From the president down it is only int-irally a government by lawvers. Every member of the cabinet but one is a lawrer people sometimes wonder, why young men are so attracted to the overcrowded profession of the law. The failures a somany, it is true, but the prizes are also many and tempting.

The stuation as between England and Russia is simple enough. England expresses a pro-found willingness to negotiate put he subject of who thank that European diplomacy has its injateries or mistaken

The advant ages of diversified farming are pain fol and constantly being presented to the public ty in squarers, both igneed to raid general let few articles on times much point as the slatement made in Landatiege's that, after high heave tree experience in I was the write. ad never known a mortgage fore-loseli en a

the miracle of steel at one cent a paint, manufactured in a plant that will not east to exceed \$55,000, is the latest transpin of pracand science. The improved process is fully described in one of the papers read at the recent meeting of the American Institute of Muning

Eastern people adhere to their old faith in taking care of the pence, and some carry it so to as to counterfeit one sent places. This to it e western much would seem to be a smaller burness even than punching simes, but it is said to be profitable

(seneral (seorgo B Mot lellin, it is thought,

will be sent as number to England. As the Boston Datas rept apth famarks, he would certainly act for this country in any crisis that might arise, with all the benefits of going slow.

It is said that the New York pestodice is just now Living the president more concern and frouble then enything else. His Recision there-

in, politicians of his parti say, will give the key pote to his whole administration. It is said that the Oregon Pacific railroad is going to charge five cents a unie for carrying passengers, and fight the new radroad law

RINGAN ACCIDENT —Yestorday afternoon as treorge Nameyer and a friend named Buder, as theorge Naimeyer and a friend named Buder, a circh at Dids & Summers, were returning from a drive, in turning a corner of a street near it e at a corne head, the bugg, was input and both the young men thrown cut. Buder escaped with a few sight bruise, but Neimeyer struck upon the side of his head and was badly huit, receiving an ugly wound on the jaw and another on the seath. He was carried into the St. feorge budel in an unconditions condition and a physician edinmoned. The horses ran away up Lirit street, dragging the buggy on the ends of the burst Near all street the outfit and int a street, car, by thing the pole of the burgy is a sabing the fon ler of the cut. The ha ses escapid early us danage, and the repairs to the bugg and car will not be very apensive.

BANAH: Co Pi EDOLARTS —Mrs. River, who lives near the corner of West Park and 6s who lives near the corner of West Park and 6 streets, was robbed of \$7.00 by some advoit pickpocket in the crowd on First street Salarday evening. She remembers being jostied by one or two men in a crowd fear the corner of Stark street, and about a block further on a little bey stepped up to ler and put into her hand her own purse, which she had not missed before, saying a man gave it to him to give to her Opening the purse she found that all her money—the above mentioned amount—had been abstingted She is a poor woman and can ill afford her loss. Pickpock to have not been very common in this city, but it is siways well to be on one's guard in a crowd.

Clarger with Blackmanlike—Percy king

CHARGED WITH BLACKMAILING -Percy King CHARGED WITH BLACKMAILING.—Percy king and James simpson, two young men, have been arrested upon complaint of J M Vingho on of the proprietors of the "united M r cry thirtseating to a young womin that as the ment damaging to her character would appear in the those manel paper miss she paid far well for their silence. The two young men gave bonds in the sum of \$250 each to appear treday lefore Justice Greene for an examination upon the charge. The Mercury has only made it prictuable for adventurers to blackmail prople in its name.

KELFED ENA FALLING, TREE.—Donald Hall.

Our present stock many thousands of doll us.

Our store is the largest in this city, but too small to hold all our goods now here ane en route.

The surplus must be disposed of, and we wish to again call attention. to this matter, and to emphasize the fact that the s ock displayed is the best and cheapest ever offered in this marke.

RESTAURA T, HOTEL AND HOUSEKEEPERS

Are informed that we have just received 98 crates of White Granite and Decorated Crockery, direct from Liverpool, and our stock being already too larze, we are offering articles in this line at a very slight advance on myoice rates.

OUR LAMF STOCK

Cannot be equaled on this coast for completeness in variety and cheapness. Our rich Gold, Ebony and French Bronze Library Lamps and Chandeliers evider tly meet all requirements, judging from the continued demandanc large sales both in the city and country.

We are not silve smiths, but any one would no urally think so, looking at the number of Elegant Casters, Water and Cream Pitchers. Knives, Forks and Speens, etc., that glisten in our show-cases and adorn our shelves. We keep only the BEST goods of the latest pat-

IN CRYSTAL

We can meet the wishes of the mest fastidious aste, our stock embracing the F.nest Cut Glassware, both plain and engraved, as well as all of ter articles for table or common use. Sall and see.

Bird Cages, Pash Goods, M. bums, Work Baskets and Bric-abrac in endless variety.
